# Faith Schools - Student Accident Protection Plan

Standard

# Overview

This information relates to an insurance plan the school has in place to provide financial benefits to students and their families in the event of accidental injury. The coverage is for any time the student is engaged in school or organised sporting activities, including travel to and from such activities.

Aon's Faith Schools Student Accident Protection Plan is an insurance arrangement that pays benefits for specific scenarios and incidents that may occur, such as quadriplegia and broken bones. It also offers additional benefits such as:

- Covering a child's tuition for four terms in the event of their parent or guardian's accidental death
- Financial support for tutoring, should a student be absent from school for a prolonged period
- Providing clothing, hospitalisation and other out-of-pocket expenses that relate to an accident

This document outlines the benefits paid as a result of accidents, explains how to make a claim should your child be injured and describes potential additional benefits — as well as what is not covered.

- The student being a pilot or crew member of any aircraft, or engaging in any aerial activity, except as a passenger in any properly licensed aircraft.
- Sexually transmitted disease, Acquired Immune Deficiency Syndrome (AIDS) or Human Immunodeficiency Virus (HIV).
- Pregnancy, childbirth or miscarriage.
- The student engaging in professional sport.
- Intentional self-inflicted injury, suicide or reckless misconduct.
- Any illegal or criminal act committed by the student.
- Pre-existing medical conditions.
- Where the student is covered by the following for the same claim:
  - a) Medicare;
  - b) any workers compensation legislation;
  - c) any transport accident legislation;
  - d) any common law entitlement;
  - e) any government sponsored fund, plan or medical benefit scheme; or
  - f) any other insurance policy required to be effected by or under law,
  - g) any private health insurance fund, except:
    - a. benefits shown in the Insured Events table for Events 1 to 40 (inclusive);
    - b. we will pay the difference between what is recoverable or recovered under any private health insurance fund and what the student would otherwise be entitled to under the Non-Medicare Medical Expenses clause. In order to claim any difference, a claim must be made on a private health insurance fund where available and the Covered Person must provide evidence to Us of the claim made to the private health insurance fund and the benefit recovered.

## What about Medicare medical expenses?

Student accident policies and other types of general insurance are not permitted by law to cover medical expenses that fall under Medicare, nor the difference between the actual expense incurred and the Medicare rebate (commonly known as the 'Medicare gap').

Medical expenses that do not fall under Medicare are likely to be claimable. Please see the first page of the claim form under 'Claims Procedure'.

### **What if I need more information?**

This document is written expressly for parents and guardians of students enrolled and attending our school. Insurance policies are complex legal contracts and this information is only intended as a ready reference for parents. If you would like more information, the school can provide you with a copy of our policy or give you the name of a person at Aon you can call.

### **Should an accident occur, how do I make a claim?**

While your first priority is your family, this plan offers the reassurance that other matters, such as the financial implications, are not an added burden.

Should the need arise to make a claim, you should:

- Complete the Faith Schools Student Accident Claim Form and have the school's principal or registrar complete the bottom section
- Have a doctor complete the Medical Practitioner's Statement
- Send both forms to the addresses shown on the forms

Should you have questions while the claim is being reviewed, your school can provide you with a contact at Aon.

Over and above providing a quality education, your school is protecting your child's quality of life.
